

Geotech Disposable Geobailers

Geotech Disposable Bailers are an economical option for everyday environmental groundwater monitoring or remediation projects. Geotech bailers have shaped how samples are collected and managed in the field due to a spectrum of materials, sizes, and accessories to suit any sampling event. They can be configured for trace-metals analysis, VOC sampling and removal of free-phase contamination, and discrete sampling.

Every High Density Polyethylene (HDPE) and Clear PVC polyethylene Disposable Bailer is made from FDA approved virgin material with an additive that biodegrades bailer materials more quickly when discarded. A product that helps preserve the environment has never performed so well.

FEATURES

- Lab Tested and Certified Clean
- Clear or Opaque cylinder walls for visual fluid observations
- Orbit Flux check ball that improves fill performance and to clear debris
- V-Notch top for trouble-free cord attachment and controlled pouring
- Firm cylinder wall for dependable field handling
- Poly Bailers are made of HDPE compounds
- Eco Friendly
- Ready to use with individually sealed packaging
- Quantity discounts available

Geotech Disposable Geobailers

ACCESSORIES

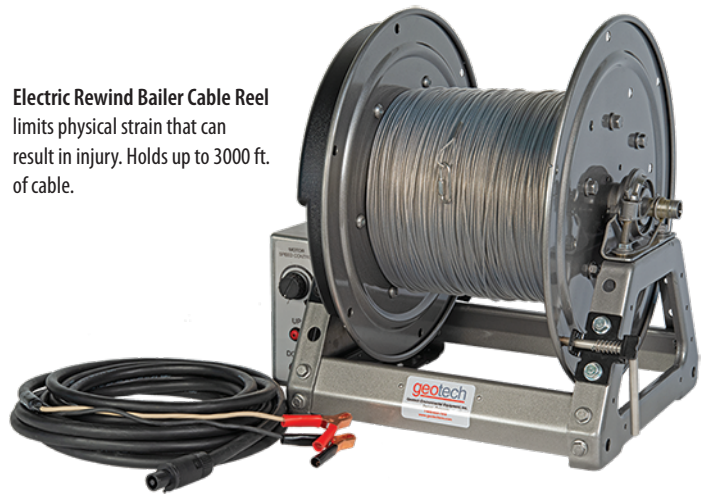

- A** Standard emptying tip for no leak sample collectionIncluded
Polyethylene and Clear PVC emptying tip for .75", 1.5", and 3" bailers ...Included
- B** VOC Tips for precision flow control when collecting VOC samples
Polyethylene VOC tips for 1.5" diameter bailers24 per case
Polyethylene VOC tips for 3" diameter bailers9 per case
FEP VOC tips for 1.5" diameter bailers*12 per case
- C** Free product sample ends for LNAPL stratification analysis or product removal
Polyethylene-free product samplers for 1.5" bailers24 per case

- Bailer Cord for hoisting bailers in and out of the well**
- Yellow Diamond Braid1000 ft. per roll
 - White Diamond Braid1000 ft. per roll
 - White Nylon Twine #15350 ft. per roll
 - FEP Coated Stainless SteelPer foot up to 3000 ft.

Hand Pump to apply positive pressure when filtering for trace-metals
Plastic Hand Pump
Metal Hand Pump (not shown)

Electric Rewind Bailer Cable Reel limits physical strain that can result in injury. Holds up to 3000 ft. of cable.
